SMART IS THE KEY

ABUS' decades of experience have led to the development of the 8078 SmartX™ Alarm

Disc Brake Lock.

The 8078 SmartX™ combines the highest mechanical security with smart technology. Your Smartphone becomes the key. Redefining mechatronic motorbike locks. Combined with the tried-and-tested 100dB alarm, it offers the highest level of security.

Technologies

- 13,5 mm steel bolt
- SmartX™ locking system with Bluetooth® 3.0 – High quality, keyless locking system offers user-friendly operation
- USB-C port
- Connection to ABUS App
- Memorizes the last parking of the motorbike
- Alarm of at least 100 dB
- Alarm function on basis of the ABUS 3D detection system that means, that every movement is detected
- The bolt, the lock body as well as supporting elements of the locking mechanism are made of special hardened steel
- Lock can be transported in locked condition without activating the detection system thanks to automatic brake disc recognition system
- A multi colour LED and different acoustic signals inform about battery, activation and alarm status
